The Metropolis

a stark fact:  
America's  
metropolitan  
areas are more  
polarized along  
racial lines  
than at any time  
since the  
mid-1960s.

Though urban  
areas have

become  
multicultural,  
the editors  
argue that black-  
white racial  
differences will  
outlast ethnic  
differences in  
metropolitan  
America and that  
the race issue  
in most urban  
areas is  
perceived as a

Galster and Hill

African
