The Merchant of Venice has been performed more often than any other comedy by Shakespeare. Molly Mahood pays special attention to the expectations of the play's first audience, and to our modern experience of seeing and hearing the play. In a substantial new addition to the Introduction, Charles Edelman focuses on the play's sexual politics and recent scholarship devoted to the position of Jews in Shakespeare's time. He surveys the international scope and diversity of theatrical interpretations of The Merchant in the 1980s and 1990s and their different ways of tackling the troubling figure of Shylock.

THE STORY: In this transcendently powerful new adaptation by Wendy Kesselman, Anne Frank emerges from history a living, lyrical, intensely gifted young girl, who confronts her rapidly changing life and the increasing horror of her time with astonis

Macromedia's Flash 8 is the world's premier program for adding animation to websites. And with the latest version, this popular program becomes more versatile, letting beginning webmasters and expert developers alike create sophisticated web content. But Flash isn't intuitive. And it doesn't come with a manual. Whether you want to learn the basics or unleash the program's true power, Flash 8: The Missing Manual is the ideal instructor. This hands-on guide to today's hottest web design tool is aimed at nondevelopers, and it teaches you how to translate your ideas into great web content. It begins with a solid primer on animation, which helps you get comfortable with the Flash interface. Once you have these basics under your belt, Flash 8: The Missing Manual moves on to advanced animations, including adding special effects and audio, video, and interactivity to your presentations. When you're really feeling steady, the book shows how to use a dollop of ActionScript to customize your content. It then teaches you how to publish your Flash creations for web surfers everywhere to enjoy. Along the way, the book shows you good design principles and helps you avoid elements that can distract or annoy an audience. Author Emily Vander Veer has more than a dozen books to her credit, including titles on web design and scripting--most written for non-technical readers. Her background makes her the perfect author for a straightforward book on a complex subject. She takes Flash 8: The Missing Manual from the basics to the advanced, yet avoids a hasty jump into tough topics that can leave readers confused. Not only will Flash 8: The Missing Manual help you turn a concept into unique, dynamic content, but it will continue to serve as a reference as you develop your website.

How to Get Your Teacher Ready... all year long, from the creators of the New York Times bestsellers How to Babysit a Grandpa, How to Babysit a Grandma, and How to Catch Santa. A perfect read for the start of the school year--no matter what that looks like! This humorous new book in the beloved HOW TO . . . series takes readers through a fun and busy school year. Written in tongue-in-cheek instructional style, a class of adorable students gives tips and tricks for getting a teacher ready--for the first day of school, and all the events and milestones that will follow (picture day, holiday concert, the 100th day of school, field day!). And along the way, children will see that getting their teacher ready is really getting themselves ready. Filled with charming role-reversal humor, this is a playful and heartwarming celebration of teachers and students, and the perfect gift for back-to-school readiness or graduation. Praise for the HOW TO . . . books: A new hit this year is How to Catch Santa. . . . The picture book offers lighthearted tips on how kids can steal a glimpse of Mr. Elusivity, aka Santa. --USA Today (How to Catch Santa) Belongs on the shelf of every kid who loves a grandparent. --The Salt Lake Tribune (How to Babysit a Grandpa) The charm of its premise and the clear bond between the generations will have kids and grandparents giggling together. --School Library Journal (How to Babysit a Grandma).

Pedagogy is at the heart of teaching and learning. Preparing young people to become lifelong learners with a deep knowledge of subject matter and a broad set of social skills requires a better understanding of how pedagogy influences learning. Focusing on pedagogies shifts the perception of ...

Keep little hands and eyes focused on the prize: kindergarten success! This Little Get Ready! Book was developed to help preschoolers and kindergartners learn and review early math and reading skills. It's a perfect size for small children but packed with big content. Plus, our preschool and kindergarten workbooks are ideal in a backpack or tote for take-along learning fun! Included in this book are essential early skills such as recognizing color words, identifying basic shapes, completing picture patterns, identifying rhyming words, understanding letter sounds, and more. When your child opens a Little Get Ready! Book, he or she will discover a place where fun and learning come together.

Humanity has nearly destroyed its world through global warming, but now an even greater evil lurks. The indigenous people of North America are being hunted and harvested for their bone marrow, which carries the key to recovering something the rest of the population has lost: the ability to dream. In this dark world, Frenchie and his companions struggle to survive as they make their way up north to the old lands. For now, survival means staying hidden--but what they don't know is that one of them holds the secret to defeating the marrow thieves. "Miigwans is a true hero; in him Dimaline creates a character of tremendous emotional depth and tenderness, connecting readers with the complexity and compassion of Indigenous people. A dystopian world that is all too real and that has much to say about our own." Kirkus Reviews
