Offers instructions for the professional illustrator on mastering and perfecting the fundamentals of drawing, covering such topics as line, color, tone, storytelling, and creating ideas.

Documents the creative process of concept design by 3 students from the Art Center College of Design under the guidance of their instructor, Scott Robinson. The concept design includes a host of intriguing places and people, inspired by the Brothers Grimm's tale "The skillfull

hunter". Discussion of ideas and techniques used to create this stunning collection of artwork between Robertson and his students reveal insights on the behind-the-scenes action of concept design.

Presents instructions for drawing heads and hands of men, women, infants, and children.

A comprehensive guide to creating and developing comic book and graphic novel art, from the Savannah College of Art and Design (SCAD), one of the world's leaders in sequential arts instruction. John Lowe, Dean of the School of Communication Arts at SCAD, presents an in-depth primer on the tools and techniques used by top sequential artists to create comic books, graphic novels, and other sequential art forms. Based on SCAD's world-famous sequential arts curriculum with examples of professional comic book art from their faculty and alumni, the book uses detailed instruction and step-by-step examples to teach key artistic methods like sketching, thumbnailing, reference gathering, and using production/digital design methods. This book covers all the materials and methods aspiring artists need to master to make it as sequential artists.

Describes a developed method of teaching drawing with the use of circles and lines in illustrations that show step-by-step procedures.

"A book of fundamentals for an artistic career"--Jkt.

Bring your artwork to life with the power of the FORCE! Watch, listen, and follow along as Mike Mattesi demonstrates the fundamental FORCE line and explains dynamic figure drawing techniques through 30 videos that are launched through the book's companion App. Packed with superb, powerfully drawn examples, the updated third edition of FORCE features an all-new section on the "FORCE blob," and dozens of fresh illustrations. Mike Mattesi ' s 10th anniversary edition of FORCE will teach readers how to put thought and imagination to paper. Whether you are an illustrator, animator, comic book artist, or student, you'll learn to use rhythm, shape, and line to bring out the life in any subject. The 10th Anniversary Edition contains numerous improvements. Around 30 videos are embedded within the book and accessible through the FORCE Drawing App. In the App, click on the image of the camera, point your mobile device ' s camera at the page with the symbol, and then finally tap the video card image floating above the drawing to launch the video. Then sit back and watch the video that shows me creating that drawing and discussing my process. Many new drawings can be found within this edition and the addition of color now further clarifies the theory of FORCE. Key Features The unique, dynamic learning system that has helped thousands of artists enhance their figure drawing abilities Dozens of updated illustrations and all-new content, exclusive to the 3rd edition Select pages can be scanned by your smartphone or other device to pull up bonus video content, enhancing the learning process Companion App: Nearly 50 videos are available on the free FORCE Drawing companion app that can be downloaded through Google Play or the Apple App Store
