Masks, by Fumiko Enchi, is about two psychologically twisted women. One woman, widowed, and her mother-in-law, play a twisted game of seduction and sex, using people for their own purposes, and using each other too. Enchi surrounds this novel with the paraphernalia of the Japanese Noh dramas.

Masks by Fumiko Enchi - Goodreads

Fumiko Enchi (pen name of Fumiko Ueda) is regarded as one of the most important female Japanese authors of the twentieth century, although, sadly, only a few of her novels and plays have been translated into English. One of the best-known of her novels is Masks, published in 1958. Masks is suffused with the literature and arts of Japan, and this is no surprise – Enchi (1905-1981) was the daughter of a linguist and philologist, and was introduced to both literature and traditional theater ...

In this play, two female artists, Kayoko and Mitsuko, are caught up in a conflict on their different perspectives towards art and politics. This was Enchi's first play to be produced on stage. In 1930, she married Yoshimatsu Enchi, a journalist with the Tokyo Nichi Nichi Shimbun, with whom she had a daughter. She then began to write fiction but unlike her smooth debut as a playwright, she found it very hard to get her stories published.

Fumiko Enchi Published for the first time in the UK, one of Japan's greatest modern female writers Ibuki loves widow Yasuko who is young, charming and sparkling with intelligence as well as beauty. His friend, Mikamé, desires her too but that is not the difficulty.

Following the death of her son, Mieko Togan? takes an increasing interest in the personal affairs of her widowed daughter-in-law, Yasuko. Devastated by her loss, she skillfully manipulates the relationships between Yasuko and the two men who are in love with her, encouraging a dalliance that will have terrible consequences. Meanwhile, hidden in the shadows, is Mieko's mentally-handicapped daughter, who has her own role to play in her mother's bizarre schemes. In Masks, Enchi has crafted a stunning and understated novel of seduction and infidelity.

Mieko Togano, a highly cultivated, seemingly serene, but frustrated and bitter woman in her fifties, manipulates for her own bizarre purposes the relationship between her widowed daughter-in-law and that woman's two suitors

Published for the first time in the UK, one of Japan's greatest modern female writers Ibuki loves widow Yasuko who is young, charming and sparkling with intelligence as well as beauty. His friend, Mikamé, desires her too but that is not the difficulty. What troubles Ibuki is the curious bond that has grown between Yasuko and her mother-in-law, Mieko, a handsome, cultivated yet jealous woman in her fifties, who is manipulating the relationship between Yasuko and the two men who love her.

Japanese literature and film have frequently been approached using lenses such as language, genre and ideology. Yet, despite a succession of major social traumas that have marked, and in many ways shaped and defined much of modern Japan, Japanese fiction and cinema have not often been examined psychoanalytically. In this book, David Stahl conducts in-depth readings and interpretations of a set of Japanese novels and film. By introducing the methodology of trauma/PTSD studies, Stahl seeks to provide a better understanding of the insights of Japanese writers and directors into their societies, cultures and histories. In particular, by building on the work of practitioner-theoreticians, such as Pierre Janet and Judith Herman, Stahl analyses a number of key texts, including Kawabata Yasunari's Sleeping Beauties (1961), Enchi Fumiko's Female Masks (1958) and Imamura Sho- hei's Vengeance is Mine (1979). Consequently, through using concepts of social trauma, dissociation, failed mourning, revenge and narrative memory, this book sheds new light on the psychological aftereffects and transgenerational legacies of trauma depicted in Japanese works. Trauma, Dissociation and Re-enactment in Japanese Literature and Film will be of interest to students and scholars of Japanese Literature and Cinema, as well as those interested in Japanese History and Trauma Studies.

Ihara Saikaku "wrote of the lowest class in the Tokugawa world -- the townsmen who were rising in wealth and power but not in official status."--Back cover.

It was not until Kawabata Yasunari won the 1968 Nobel Prize for literature that the average Western reader became aware of contemporary Japanese literature. A few translations of writings by Japanese women have appeared lately, yet the West remains largely ignorant of this wide field. In this book Sachiko Schierbeck profiles the 104 female winners of prestigious literary prizes in Japan since the beginning of the century. It contains summaries of their selected works, and a bibliography of works translated into Western languages from 1900 to 1993. These works give insight into the minds and hearts of Japanese women and draw a truer picture of the conditions of Japanese community life than any sociological study would present. Schierbeck's 104 biographies constitute a useful reference work not only to students of literature but to anyone with an interest in women's studies, history or sociology.

A Tale of False Fortunes is a masterful translation of Enchi Fumiko's (1905-1986) modern classic, Namamiko monogatari. Written in 1965, this prize-winning work of historical fiction presents an alternative account of an imperial love affair narrated in the eleventh-century romance A Tale of Flowering Fortunes (Eiga monogatari). Both stories are set in the Heian court of the emperor Ichijo (980-1011) and tell of the ill-fated love between the emperor and his first consort, Teishi, and of the political rivalries that threaten to divide them. While the earlier work can be viewed largely as a panegyric to the all-powerful regent Fujiwara no Michinaga, Enchi's account emphasizes Teishi's nobility and devotion to the emperor and celebrates her "moral victory" over the regent, who conspired to divert the emperor's attentions toward his own daughter, Shoshi. The narrative of A Tale of False Fortunes is built around a fictitious historical document, which is so well crafted that it was at first believed to be an actual document of the Heian period. Throughout Enchi's innovation and skill are evident as she alternates between modern and classical Japanese, interjecting her own commentary and extracts from A Tale of Flowering Fortunes, to impress upon the reader the authenticity of the tale presented within the novel.

Haruo Shirane's critically acclaimed Traditional Japanese Literature: An Anthology, Beginnings to 1600, contains key examples of both high and low styles of poetry, drama, prose fiction, and essays. For this abridged edition, Shirane retains substantial excerpts from such masterworks as The Tale of Genji, The Tales of the Heike, The Pillow Book, the Man'yoshu, and the Kokinshu. He preserves his comprehensive survey of secular and religious anecdotes (setsuwa) as well as classical poems with extensive commentary. He features no drama; selections from influential war epics; and notable essays on poetry, fiction, history, and religion. Texts are interwoven to bring into focus common themes, styles, and allusions while inviting comparison and debate. The result is a rich encounter with ancient and medieval Japanese culture and history. Each text and genre is enhanced by extensive introductions that provide sociopolitical and cultural context. The anthology is organized by period, genre, and topic -- an instructor-friendly structure -- and a comprehensive bibliography guides readers toward further study. Praise for Traditional Japanese Literature: An Anthology, Beginnings to 1600 "Haruo Shirane has done a splendid job at this herculean task." -- Joshua Mostow, University of British Columbia "A comprehensive and innovative anthology.... All of the introductions are excellent." -- Journal of Asian Studies "One of those impressive, erudite, must-have titles for anyone interested in Asian literature." -- Bloomsbury Review "An anthology that comprises superb translations of an exceptionally wide range of texts.... Highly recommended." -- Choice "A wealth of material." -- Monumenta Nipponica
