Napoleon the Great: Amazon.co.uk: Roberts, Andrew ...

Napoleon was regarded by the influential military theorist Carl von Clausewitz as a genius in the operational art of war, and historians rank him as a great military commander. Wellington, when asked who was the greatest general of the day, answered: "In this age, in past ages, in any age, Napoleon".

Napoleon - Wikipedia

Napoleon Bonaparte lived one of the most extraordinary of all human lives. In the space of just twenty years, from October 1795 when as a young artillery captain he cleared the streets of Paris of insurrectionists, to his final defeat at the (horribly mismanaged) battle of Waterloo in June 1815, Napoleon transformed France and Europe.

Napoleon I, also called Napoléon Bonaparte, was a French military general and statesman. Napoleon played a key role in the French Revolution (1789-99), served as first consul of France (1799-1804), and was the first emperor of France (1804-14/15). Today Napoleon is widely considered one of the greatest military generals in history.

Read by John Lee. ~33hours. Description: Austerlitz, Borodino, Waterloo: his battles are among the greatest in history, but Napoleon Bonaparte was far more than a military genius and astute leader of men. Like George Washington and his own hero Julius Caesar, he was one of the greatest soldier-statesmen of all times.

Read PDF Napoleon The Great

In truth, Napoleon was a great warrior, but one who had constantly to be at war and to enlarge any war in which he was engaged — which proved his fatal flaw. In this last respect, his military trajectory, complete with a Russian invasion, bears striking similarities to that of Hitler 130 years later.

Boney's bumbles: Napoleon the Great by Andrew Roberts

Napoleon was obviously an outstanding military tactician, at least until 1812, driven by a sense of destiny to be one of the great men of history like his heroes Caesar and Alexander the Great. Napoleon waged many battles and the book describes them all: the strategy, ordinance, types and numbers of combatants, fatalities, wounded and prisoners are all logged in meticulous detail that will please those interested in military history.

Napoleon the Great Audiobook | Andrew Roberts | Audible.co.uk

Napoleon was occasionally referred to as "the Great" in his lifetime. Some public buildings sported the phrase, and it can still be seen on the pedestal of the Vendome Column in Paris. When Louvre director Vivant Denon dedicated his 21-volume work Description of Egypt in the early 19th century, the title page said "Napoleon Le Grand".

human lives, transforming France and Europe in the space of just twenty years from 1795 to 1815. After seizing power in a coup d'état he ended the corruption and incompetence into which the Revolution had descended. In a series of dazzling battles he reinvented the art of warfare; in peace, he completely remade the laws of France and modernised her systems of education and administration. The impossibility of defeating his most persistent enemy, Great Britain, led him to make draining and ultimately fatal expeditions into Spain and Russia, where half a million Frenchmen died and his Empire began to unravel. More than any other modern biographer, Andrew Roberts conveys Napoleon's tremendous energy and the attractiveness of his personality, even to his enemies. As one French sergeant-major wrote, 'No-one who has not experienced it can have any idea of the enthusiasm that burst forth

With a great pomp of words, or with simplicity? — Charlotte Brontë, *The Death of Napoleon* The most celebrated general in history, Napoleon Bonaparte (1769–1821) has for centuries attracted eminent male writers. Since Thomas Carlyle first christened him *our last Great Man*, regiments of biographers have marched across the same territory, weighing campaigns and conflicts, military tactics and power politics. Yet in all this time, no definitive portrait of Napoleon has endured, and a mere handful of women have written his biography—a fact that surely would have pleased him. With Napoleon, Ruth Scurr, one of our most eloquent and original historians, emphatically rejects the shibboleth of the *Great Man* theory of history, instead following the dramatic trajectory of Napoleon's life through gardens, parks, and forests. As Scurr reveals, gardening was the first and last love of Napoleon, offering

Read PDF Napoleon The Great

him a retreat from the manifold frustrations of war and politics. Gardens were, at the same time, a mirror image to the battlefields on which he fought, discrete settings in which terrain and weather were as important as they were in combat, but for creative rather than destructive purposes. Drawing on a wealth of contemporary and historical scholarship, and taking us from his early days at the military school in Brienne-le-Château through his canny seizure of power and eventual exile, Napoleon frames the general's story through the green spaces he cultivated. Amid Corsican olive groves, ornate menageries in Paris, and lone garden plots on the island of Saint Helena, Scurr introduces a diverse cast of scientists, architects, family members, and gardeners, all of whom stood in the shadows of Napoleon's meteoric rise and fall. Building a cumulative panorama, she offers indelible portraits of Augustin Bon

Read PDF Napoleon The Great

Joseph de Robespierre, the younger brother of Maximilien Robespierre, who used his position to advance Napoleon's career; Marianne Peusol, the fourteen-year-old girl manipulated into a Christmas-Eve assassination attempt on Napoleon that resulted in her death; and Emmanuel, comte de Las Cases, the atlas maker to whom Napoleon dictated his memoirs. As Scurr contends, Napoleon's dealings with these people offer unusual and unguarded opportunities to see how he grafted a new empire onto the remnants of the ancien régime and the French Revolution. Epic in scale and novelistic in its detail, *Napoleon*, with stunning illustrations, is a work of revelatory range and depth, revealing the contours of the general's personality and power as no conventional biography can.

Bonaparte and the Duke of Wellington prior to and in the aftermath of the Battle of Waterloo, the most decisive battle of the nineteenth century.

This sophisticated and masterful biography, written by a respected French history scholar who has taught courses on Napoleon at the University of Paris, brings new and remarkable analysis to the study of modern history's most famous general and statesman. Since boyhood, Steven Englund has been fascinated by the unique force, personality, and political significance of Napoleon Bonaparte, who, in only a decade and a half, changed the face of Europe forever. In *Napoleon: A Political Life*, Englund harnesses his early passion and intellectual expertise to create a rich and full interpretation of a brilliant but flawed leader. Napoleon believed that war was a means

Read PDF Napoleon The Great

to an end, not the end itself. With this in mind, Steven Englund focuses on the political, rather than the military or personal, aspects of Napoleon's notorious and celebrated life. Doing so permits him to arrive at some original conclusions. For example, where most biographers see this subject as a Corsican patriot who at first detested France, Englund sees a young officer deeply committed to a political event, idea, and opportunity (the French Revolution) -- not to any specific nationality. Indeed, Englund dissects carefully the political use Napoleon made, both as First Consul and as Emperor of the French, of patriotism, or "nation-talk." As Englund charts Napoleon's dramatic rise and fall -- from his Corsican boyhood, his French education, his astonishing military victories and no less astonishing acts of reform as First Consul (1799-1804) to his controversial record as Emperor and, finally, to his exile and

Read PDF Napoleon The Great

death -- he is at particular pains to explore the unprecedented power Napoleon maintained over the popular imagination. Alone among recent biographers, Englund includes a chapter that analyzes the Napoleonic legend over the course of the past two centuries, down to the present-day French Republic, which has its own profound ambivalences toward this man whom it is afraid to recognize yet cannot avoid. *Napoleon: A Political Life* presents new consideration of Napoleon's adolescent and adult writings, as well as a convincing argument against the recent theory that the Emperor was poisoned at St. Helena. The book also offers an explanation of Napoleon's role as father of the "modern" in politics. What finally emerges from these pages is a vivid and sympathetic portrait that combines youthful enthusiasm and mature scholarly reflection. The result is already regarded by experts as the Napoleonic bicentennial's first

major interpretation of this perennial subject.

This revisionist history offers a fresh analysis of Napoleon and the French army as they defended their empire against the massive Coalition invasion of 1814. * 20 drawings, engravings, and paintings, primarily from the 19th century * Maps depicting the invasion of France, Napoleon's 1814 campaign, and the Battle for Paris * Charts and tables examining some of the French regiments, including information regarding age, physical size, and civilian occupations of recruits * A bibliography of general works, monographs, and archival sources

Draws on current research to profile Napoleon as a military leader, lover, and emperor, tracing his career from his Corsican roots

Read PDF Napoleon The Great

through the years of the French Revolution and battle triumphs, and chronicling his coronation and eventual defeat and imprisonment. Reprint. 12,500 first printing.

The definitive biography of Napoleon, revealing the true man behind the legend "What a novel my life has been!" Napoleon once said of himself. Born into a poor family, the callow young man was, by twenty-six, an army general. Seduced by an older woman, his marriage transformed him into a galvanizing military commander. The Pope crowned him as Emperor of the French when he was only thirty-five. Within a few years, he became the effective master of Europe, his power unparalleled in modern history. His downfall was no less dramatic. The story of Napoleon has been written many times. In some versions, he is a military genius, in others a war-

Read PDF Napoleon The Great

obsessed tyrant. Here, historian Adam Zamoyski cuts through the mythology and explains Napoleon against the background of the European Enlightenment, and what he was himself seeking to achieve. This most famous of men is also the most hidden of men, and Zamoyski dives deeper than any previous biographer to find him. Beautifully written, Napoleon brilliantly sets the man in his European context.
