~~Renovation of the Heart~~

Renovation of the Heart proposes that the human self is made up of several interrelated components: one's spirit, i.e. one's "heart" or "will"; one's mind, or the collection of one's thoughts and feelings; the body; one's social context; and one's soul. Willard argues that one's identity is largely a function of how those components are subordinated to one another, and whether the whole is subordinated to God.

"The revolution of Jesus is in the first place and continuously a revolution of the human heart or spirit. What is distinctive about Renovation of the Heart is the idea that we renovate the heart by, of course, changing it, but we can't do that, really, without changing the other essential parts of the human personality. Now, there are two other really big concerns that go along with this.

Renovation of the Heart is an influential contribution from the late Dallas Willard that continues to break ground twenty years after its first release. Helping us to understand how character is formed and where Jesus does his most significant work on our spiritual and emotional health, this book changed a generation's mind about what it means to follow Jesus--not a matter of sin management but a matter of drawing near and letting ourselves be shaped into the eternal people of God. With reflections on the book's impact over its life from family, friends, and admirers of Dallas, and supplemental resources for the first time in print, Renovation of the Heart will continue its ministry of liberation-by-formation for years to come. Includes a foreword by John Mark Comer and an afterword by Natasha Sistrunk Robinson.

As Christians, we know that we are new creations in Jesus. So we try to act differently, hoping this will make us more like Him. But changing our outward behavior doesn't change our hearts. Only by God's grace can we be transformed internally. Renovation of the Heart lays a biblical foundation for understanding what best-selling author Dallas Willard calls the "transformation of the spirit"--a divine process that "brings every element in our being, working from inside out, into harmony with the will of God." This fresh approach to spiritual growth explains the biblical reasons why Christians need to undergo change in six aspects of life: thought, feeling, will, body, social context, and soul. Willard also outlines a general pattern of transformation in each area, not as a sterile formula but as a practical process that you can follow without the guilt or perfectionism so many Christians wrestle with. Don't settle for complacency. Accept the challenge Renovation of the Heart offers to become an intentional apprentice of Jesus Christ, changing daily as you walk with Him.

The life that we are promised in Christ should be one of spiritual maturity and increasing holiness. We should be light and salt to a dark and flavourless world. We should be brimful of the fruit of the Spirit. So, why the yawning chasm between what we are and what we should be? When around half of marriages fail, when there are massive problems with addiction, when our leaders are moral failures, when there is war and world famine, who can we blame? Only ourselves, says Dallas Willard. We live from the heart - the spiritual place within us from which outlook, choices and actions have been formed by a world away from God. Now it must be transformed. With piercing cultural analysis Dallas Willard shows how the spirit of the age has blinded Christian people to the truth of their moral responsibilities. He presents a radical challenge to be transformed to the likeness of Christ in every dimension of life - thought, emotion, character, soul and body. Drawing on biblical and practical resources he explores the spiritual disciplines that are crucial if, by the grace of God, we hope to acquire renovated hearts.

Copastors Kent Carlson and Mike Lueken tell the story of how God took their thriving, consumer-oriented church and transformed it into a modest congregation of unformed believers committed to the growth of the spirit--even when it meant a decline in numbers. As Kent and Mike found out, a decade of major change is not easy on a church. Oak Hills Church, from the pastoral staff to the congregation, had to confront addiction to personal ambition, resist consumerism and reorient their lives around the teachings of Jesus. Their renewed focus on spiritual formation over numerical growth triggered major changes in the content of their sermons, the tenor of their worship services, and the reason

Dallas Willard spent his life making eternal living concrete for his friends. With his unexpected passing in 2013, the world lost a brilliant mind. The wide breadth of his impact inspired friends, family, colleagues, students and leaders of the church to gather their reflections on this celebrated yet humble theologian and philosopher. Richard Foster, a friend for over forty years, writes of Dallas: "He possessed in his person a spiritual formation into Christlikeness that was simply astonishing to all who were around him. Profound character formation had transpired in his body and mind and spirit until love, joy, peace, patience, kindness, goodness, faithfulness, gentleness and self-control were at the very center of the deep habit-structures of his life. He exhibited a substantively transformed life. Dallas was simply soaked in the presence of the living Christ." Curated by Gary Moon, director of the Dallas Willard Center, this medley of Dallas's wise teaching and lived model of Christlikeness—as well as snapshots and "Dallas-isms"—will move and motivate readers. Whether influenced by him as a family member, close friend, advisor, professor, philosopher, minister or reformer, contributors bring refreshing insight into not only his ideas and what shaped him, but also to his contagious theology of grace and joy.
