In January 1987, Robert Alan Krakower, a former media producer and magazine publisher from Canada, had a mystical encounter on the Mediterranean island of Ibiza that lasted eight days and eight nights. During this time he did not eat, drink, or sleep. He received information about our universe, the design of all living forms, and most importantly, about a mutation in the human body that will lead to the emergence of a new species, the Rave, in 2027. With it, the evolutionary program will turn its back on humanity. The Industrial Revolution and the nation states as we know them will come to an end. The

coming Rave will look human on the outside, but will have little in common with us. In fact, Raves will appear severely disabled. But the moment three of them come together they turn into “ one being ” with a shared consciousness that can do things that are unimaginable to us humans. Krakower was told the universe is an unborn living entity and that life in Earth will come to an end in about 1,200 years when it will be hit by a meteor. There will be no more biological life after Earth. However, this will be the beginning of yet another journey for us through the solar system with the emergence of the Eron. It will not eat or breathe. It will not die. And it will live as long as the universe exists.

The Owner's Manual for Your Life! Founded in the twentieth century by the late spiritual teacher Ra Uru Hu, Human Design is often called the "new Astrology," and the "intersection of science and spirituality." Your Human Design chart is formulated by taking your birth date, time, and location and extrapolating specific personality traits and life paths from this convergence. A Human Design chart offers an astonishingly accurate guide to your personality, as well as direction and counsel on how each individual can deal with challenges in their life. Previously, Human Design charts have been notoriously difficult to interpret and decipher, usually taking a dedicated expert to read and translate them into plain English. At least, that used to be the case--until now. In *Understanding Human Design: The Science of Discovering Who You Really Are*, author Karen Curry walks you through the sometimes complex and intimidating Human Design chart with simple, direct language. You will learn about each level of

Have you ever wondered about your life 's purpose? The next step in the life-changing Human Design system, *The Book of Destinies* presents in-depth profiles of the 192 Life Themes that encompass humanity. Based on the place, date, and time of your birth, your Life Theme reveals a remarkably detailed portrait of your true nature, allowing you the peace of knowing who you really are so you can live your life with clarity and fulfillment. Instead of struggling to achieve unsuitable goals, you can align yourself with a deeper plan for your relationships, career, and decision making. Many passages include a list of noted people who share that Life Theme. The culmination of the authors ' twenty years of research, practice, meditation, and readings, *The Book of Destinies* is for anyone who has ever stopped to wonder, " What is my life purpose, and how do I realize it? "

The book begins by introducing the reader to a fantastic possibility - that humanity may be on the verge of a major shift in consciousness rooted in a new understanding of how our DNA operates - namely that

it is programmed directly by the way we think and feel. This is a highly ambitious and sophisticated system for shaping one's destiny. Based around 64 archetypes, it resembles the I Ching in its vast scope and profound importance, and in the resonant character of its symbolism. The author shows how there are two ways to approach the Gene Keys - the analogue (holistic) way and the digital (detailed) way. It is the combining of both analogue and digital that results in contemplation - the primary pathway into the Gene Keys. Since our beliefs shape our genes, when we change our beliefs, we change the chemistry of our body. The Gene Keys are an inner language whose central purpose is to transform our core beliefs about ourselves, thus raising our lives onto a new level of awareness. The book works alongside state-of-the-art online profiling software. This software will provide instantaneous free profiles known as 'Hologenetic Profiles', which uses astrological data (time, date and place of birth) to generate a unique sequence of Gene Keys that relate to many aspects of your life, including the underlying genetic patterns governing your relationships, your finances, your health and your life purpose. As the reader contemplates the 64 Gene Keys over time and applies their insights in his or her own life, so one's belief system will begin to change and our DNA will actually start to transform the way we think and feel.

These planetary themes set up the "curriculum" that the event is teaching us. Understanding the planetary energies of an event allows you to use the themes of the event to consciously grow and evolve. In this workbook, you're going to learn about the energy blueprint of the Coronavirus (COVID-19) Pandemic of 2020.
